ABSTRACT

This document contains instructions and formatting guidelines for authors submitting their papers to SYSTOR 2017, as well as a simple usage example for an ACM compliant latex file.

1. SUBMISSION INSTRUCTIONS

Submit your file electronically, by **February 22, 2017**, at <http://www.systor.org/2017/cfp.html>.

1.1 Page Limits

- **Full papers** may include at most 10 pages of content using 10pt font, including everything except references.
- **Short papers** may include at most 5 pages of content using 10pt font, including everything except references.

1.2 Formatting

- Please use the ACM latex template for your submission. The template complies with the SYSTOR typesetting guidelines. This latex file is a simple usage example.
- Categories and subject descriptors are required for the camera-ready version only. You can choose not to include them in your submission.
- The review process is **not** double-blind. Make sure to include the names of all authors along with their affiliation and email ID. Please refer to the sample author block in this document.
- Ensure that the figures and tables are legible. Please also ensure that you refer to your figures in the main text. Many readers print the papers in gray-scale. Therefore, if you use colors for your figures, ensure that the different colors are distinguishable in gray-scale.

- Please note that the latest ACM format uses a separate .sty file for the copyright notice, which is used in this example. It is highly recommended you use it in your submission.

1.3 Citations

Use a *number* citation format as following [1, 3, 2].

2. CAMERA-READY SUBMISSION INSTRUCTIONS

- Do **not** include page numbers in the final manuscript.
- Classification and Keywords are only required for the camera-ready version.
- Make sure all fonts are embedded in the resulting PDF file.
- Authors will be individually contacted by ACM with instructions on submitting the rights management form. The system will also provide rights management text and a bibliographic strip to appear underneath the copyright notice. Authors are responsible for updating their manuscripts with this information.
- The finalized PDF of your paper should be labeled as *SYSTOR17_“Lead Author”.pdf*, and submitted by email following the instructions at <http://www.systor.org/2017/cfp.html>.
- The **deadline** for submitting the final paper and ACM electronic copyright forms is 11:59pm Pacific Daylight Time (PDT) April 26, 2017.
