## ABSTRACT

This document contains instructions and formatting guidelines for authors submitting their posters to SYSTOR 2017. Please note the different submission guidelines for the initial submission and for the final submission of accepted posters.

## 1. SUBMISSION INSTRUCTIONS

Submit your file electronically, by **February 22, 2017**, at <http://www.systor.org/2017/cfp.html>. Your submission should include two files:

- An *extended abstract* following the formatting guidelines detailed below.
- A *draft poster* (formatted for A4) in PDF.

### Formatting:

- Extended abstracts may be **at most** 1 page long, including references.
- Please use this latex template for submission as well as the camera ready version. The template complies with the SYSTOR typesetting guidelines.
- The title of every poster abstract **must** start with "POSTER:".
- Categories and subject descriptors are required for the camera-ready version only. You can choose not to include them in your submission.
- Make sure all fonts are embedded in the resulting PDF file.
- Use a *number* citation format as following [1, 3, 2].
- Make sure to include the names of all authors along with their affiliation and email ID.
- Please refer to the sample author block in this document.

Permission to make digital or hard copies of all or part of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage and that copies bear this notice and the full citation on the first page. Copyrights for components of this work owned by others than the author(s) must be honored. Abstracting with credit is permitted. To copy otherwise, or republish, to post on servers or to redistribute to lists, requires prior specific permission and/or a fee. Request permissions from [permissions@acm.org](mailto:permissions@acm.org).

- Please use one level of sections, and avoid the use of subsections.
- Please note that the latest ACM format uses a separate .sty file for the copyright notice, which is used in this example. It is highly recommended you use it in your submission.

**Rights and permissions:** The poster will be published as a one page length extended abstract by the ACM digital library. The authors will retain the copyright for the publication, but will be required to sign a P&R form allowing ACM to publish the extended abstract in the ACM digital library.

## 2. INSTRUCTIONS FOR ACCEPTED POSTERS

- You are responsible for printing your *poster* and bringing it to the conference to be presented at the poster session. The presented posters should be of standard poster sizes 70 x 100cm or 90 x 120cm.
- Authors will be individually contacted by ACM with instructions on submitting the rights management form.
- The finalized PDF of your *extended abstract* should be labeled as *SYSTOR17-“Lead Author”.pdf*, and submitted by email, following the instructions at <http://www.systor.org/2017/cfp.html>.
- The deadline for submitting the final *extended abstract* and ACM electronic copyright forms is 11:59pm Pacific Daylight Time (PDT) April 26, 2017.
