- Categories and subject descriptors are required for the camera-ready version only. You can choose not to include them in your submission.
- Make sure all fonts are embedded in the resulting PDF file.
- Use a *number* citation format as following [1–3].
- Make sure to include the names of all authors along with their affiliation and email ID.
- Please refer to the sample author block in this document.
- Please use one level of sections, and avoid the use of subsections.

Rights and permissions: The poster will be published as a one page length extended abstract by the ACM digital library. The authors will retain the copyright for the publication, but will be required to sign a P&R form allowing ACM to publish the extended abstract in the ACM digital library.

2 INSTRUCTIONS FOR ACCEPTED POSTERS

- You are responsible for printing your *poster* and bringing it to the conference to be presented at the poster session. The presented posters should be of standard poster sizes 70 x 100cm or 90 x 120cm.
- Authors will be individually contacted by ACM with instructions on submitting the rights management form.
- The finalized PDF of your *extended abstract* should be submitted following the instructions at http://www.systor.org/2018/cfp.html.
- The **deadline** for submitting the final *extended abstract* and ACM electronic copyright forms is 11:59pm Pacific Daylight Time (PDT) May 6, 2018.
